GRIT STONE
(SOLO FINITURA LISCIO)

È possibile combinare rivestimenti di differenti formati, finiture e colori.

It is possible to combine coverings of different sizes, finishes, and colors.

Different finishes possono portare a percezione differente del colore. Raccomandiamo pertanto, di ordinare nello stesso momento rivestimenti e piatto doccia. In questo modo potremmo garantire una maggiore stabilità del colore in entrambi i prodotti.

Different finishes can lead to a different perception of color. Therefore, we recommend ordering both the coverings and the shower tray at the same time. This way, we can ensure greater color consistency between the two products.
